Course Outline

**Certified Wireless Sales Specialist Exam Preparation
(CWSS Training)**

04 Aug 2025

1. Pre-Assessment
2. Exercises, Quizzes, Flashcards & Glossary
Number of Questions
3. Expert Instructor-Led Training
4. ADA Compliant & JAWS Compatible Platform
5. State of the Art Educator Tools
6. Award Winning Learning Platform (LMS)

7. Chapter & Lessons

Syllabus

Chapter 1: Introduction

Chapter 2: Basics of radio frequency (RF)

Chapter 3: Wi-Fi hardware

Chapter 4: Wi-Fi standards

Chapter 5: Wireless security

Chapter 6: Wi-Fi and WLAN Performance

Chapter 7: APs and IoT gateways

Chapter 8: Wireless clients

Chapter 9: Implementing WLANs

Videos and How To

8. Practice Test

Here's what you get

Features

9. Live labs

Lab Tasks

Here's what you get

10. Post-Assessment

1. Pre-Assessment

Pre-Assessment lets you identify the areas for improvement before you start your prep. It determines what students know about a topic before it is taught and identifies areas for improvement with question assessment before beginning the course.

2. Exercises

There is no limit to the number of times learners can attempt these. Exercises come with detailed remediation, which ensures that learners are confident on the topic before proceeding.

3. Quiz

Quizzes test your knowledge on the topics of the exam when you go through the course material. There is no limit to the number of times you can attempt it.

4. flashcards

Flashcards are effective memory-aiding tools that help you learn complex topics easily. The flashcard will help you in memorizing definitions, terminologies, key concepts, and more. There is no limit to the number of times learners can attempt these. Flashcards help master the key concepts.

5. Glossary of terms

uCertify provides detailed explanations of concepts relevant to the course through Glossary. It contains a list of frequently used terminologies along with its detailed explanation. Glossary defines the key terms.

6. Expert Instructor-Led Training

uCertify uses the content from the finest publishers and only the IT industry's finest instructors. They have a minimum of 15 years real-world experience and are subject matter experts in their fields. Unlike a live class, you can study at your own pace. This creates a personal learning experience and gives you all the benefit of hands-on training with the flexibility of doing it around your schedule 24/7.

7. ADA Compliant & JAWS Compatible Platform

uCertify course and labs are ADA (Americans with Disability Act) compliant. It is now more accessible to students with features such as:

- Change the font, size, and color of the content of the course
- Text-to-speech, reads the text into spoken words
- Interactive videos, how-tos videos come with transcripts and voice-over
- Interactive transcripts, each word is clickable. Students can clip a specific part of the video by clicking on a word or a portion of the text.

JAWS (Job Access with Speech) is a computer screen reader program for Microsoft Windows that reads the screen either with a text-to-speech output or by a Refreshable Braille display. Student can easily navigate uCertify course using JAWS shortcut keys.

8. State of the Art Educator Tools

uCertify knows the importance of instructors and provide tools to help them do their job effectively. Instructors are able to clone and customize course. Do ability grouping. Create sections. Design grade scale and grade formula. Create and schedule assessments. Educators can also move a student from self-paced to mentor-guided to instructor-led mode in three clicks.

9. Award Winning Learning Platform (LMS)

uCertify has developed an award winning, highly interactive yet simple to use platform. The SIIA CODiE Awards is the only peer-reviewed program to showcase business and education technology's finest products and services. Since 1986, thousands of products, services and solutions have been recognized for achieving excellence. uCertify has won CODiE awards consecutively for last 7 years:

- **2014**
 1. Best Postsecondary Learning Solution
- **2015**
 1. Best Education Solution

2. Best Virtual Learning Solution
3. Best Student Assessment Solution
4. Best Postsecondary Learning Solution
5. Best Career and Workforce Readiness Solution
6. Best Instructional Solution in Other Curriculum Areas
7. Best Corporate Learning/Workforce Development Solution

- **2016**

1. Best Virtual Learning Solution
2. Best Education Cloud-based Solution
3. Best College and Career Readiness Solution
4. Best Corporate / Workforce Learning Solution
5. Best Postsecondary Learning Content Solution
6. Best Postsecondary LMS or Learning Platform
7. Best Learning Relationship Management Solution

- **2017**

1. Best Overall Education Solution
2. Best Student Assessment Solution
3. Best Corporate/Workforce Learning Solution
4. Best Higher Education LMS or Learning Platform

- **2018**

1. Best Higher Education LMS or Learning Platform
2. Best Instructional Solution in Other Curriculum Areas
3. Best Learning Relationship Management Solution

- **2019**

1. Best Virtual Learning Solution
2. Best Content Authoring Development or Curation Solution
3. Best Higher Education Learning Management Solution (LMS)

- **2020**

1. Best College and Career Readiness Solution
2. Best Cross-Curricular Solution
3. Best Virtual Learning Solution

10. Chapter & Lessons

uCertify brings these textbooks to life. It is full of interactive activities that keeps the learner engaged. uCertify brings all available learning resources for a topic in one place so that the learner can efficiently learn without going to multiple places. Challenge questions are also embedded in the chapters so learners can attempt those while they are learning about that particular topic. This helps them grasp the concepts better because they can go over it again right away which improves learning.

Learners can do Flashcards, Exercises, Quizzes and Labs related to each chapter. At the end of every lesson, uCertify courses guide the learners on the path they should follow.

Syllabus

Chapter 1: Introduction

- Course setup

Chapter 2: Basics of radio frequency (RF)

- Module A: Radio wave characteristics
- Module B: RF Behaviors
- Module C: RF signal strength
- Summary

Chapter 3: Wi-Fi hardware

- Module A: Antenna basics
- Module B: Wi-Fi antennas and wave patterns
- Module C: Antenna specifications and hardware
- Summary

Chapter 4: Wi-Fi standards

- Module A: The IEEE 802.11 standard
- Module B: Channels and channel configuration
- Module C: Voice over IP
- Summary

Chapter 5: Wireless security

- Module A: WLAN security basics
- Module B: Configuring AP security
- Module C: Client-device security parameters
- Summary: Wireless security

Chapter 6: Wi-Fi and WLAN Performance

- Module A: Enhanced 802.11 features
- Module B: Fast and secure roaming
- Summary: Wi-Fi and WLAN performance

Chapter 7: APs and IoT gateways

- Module A: AP features and functions
- Module B: Placing and powering APs and IoT gateways
- Module C: AP and IoT configuration
- Summary

Chapter 8: Wireless clients

- Module A: Common wireless devices
- Module B: Client device channels
- Summary

Chapter 9: Implementing WLANs

- Module A: Wi-Fi deployments
- Module B: Technical requirements
- Summary

11. Practice Test

Here's what you get

65
PRE-ASSESSMENTS
QUESTIONS

3
FULL LENGTH TESTS

64
POST-ASSESSMENTS
QUESTIONS

Features

Each question comes with detailed remediation explaining not only why an answer option is correct but also why it is incorrect.

Unlimited Practice

Each test can be taken unlimited number of times until the learner feels they are prepared. Learner can review the test and read detailed remediation. Detailed test history is also available.

Each test set comes with learn, test and review modes. In learn mode, learners will attempt a question and will get immediate feedback and complete remediation as they move on to the next question. In test mode, learners can take a timed test simulating the actual exam conditions. In review mode, learners can read through one item at a time without attempting it.

12. Live Labs

The benefits of live-labs are:

- Exam based practical tasks
- Real equipment, absolutely no simulations
- Access to the latest industry technologies
- Available anytime, anywhere on any device
- Break and Reset functionality
- No hardware costs

Lab Tasks

Wi-Fi standards

- Observing the Default Operation Mode Using the Emulator
- Exploring the Widths of Wireless Channels

Wireless security

- Connecting to a Password Protected Network
- Using a Wireless AP for MAC Address Filtering
- Changing the Admin Password
- Securing a Wi-Fi Hotspot

APs and IoT gateways

- Observing AP Features and Functions
- Configuring a Wireless AP
- Configuring SOHO-Grade Access Points
- Configuring Wireless Network Security and Performance
- Configuring an Autonomous AP

Wireless clients

- Identifying OS Information

- Discovering Client Devices Using Command-Line Tools
- Configuring a New Wireless Client
- Diagnosing Networking Issues
- Resetting the Default Application in Android
- Removing an Account from Android

Implementing WLANs

- Changing Passwords for the Router
- Configuring a Router Manually
- Using Spectrum Analysis Tools for Wi-Fi Networks

Here's what you get

20

LIVE LABS

20

VIDEO TUTORIALS

29

MINUTES

13. Post-Assessment

After completion of the uCertify course Post-Assessments are given to students and often used in conjunction with a Pre-Assessment to measure their achievement and the effectiveness of the exam.
